Re: Comment and Complaint

Dear Members of the Postal Regulatory Commission:

During the pandemic we, as well as other people, have depended upon the United States Postal Service (USPS) for delivery of invoices so that debts can be paid on time and to receive vital medications. Furthermore, the on-time delivery of mail-in ballots is vitally important for fair democratic elections. During the pandemic, the USPS provided a crucial mail service for the country.

The USPS has historically provided exceptional service – from the formation of the Pony Express in 1860 until the summer of 2020 when Dejoy began his deliberate destruction of the USPS. Dejoy's proposed re-organization of USPS will add to Dejoy's sabotaging and dismantling of the USPS. For example:

- Dejoy is NOT helping the delivery of the mail. He is making it more difficult for mail to be delivered on time. Dejoy has been instrumental in the crippling the USPS work environment to achieve the current slowing down of the USPS mail delivery and sabotaging the USPS to become completely non-functional. (i.e., removing valuable sorting machines, cutbacks employee's hours, and the closing postal locations.) *Now he wants to increase the cost of postage with a substantial decrease in service!*
WHAT THE HELL! Value-added has become "minus-value."
For instance, the current delivery time of the mail by the USPS has been slowed enough by Dejoy so that it has created a difficult situation which we are unable receive our utility invoices on time. This situation makes the payments late because the turnaround time has gone from 3-5 days to 14 – 20 days.
WHAT THE HELL! We would like our mail on-time!
- Dejoy now wants to continue his destruction of the USPS while increasing the cost of postage so that he can personally financially benefit from increasing XPO's subcontracts with the USPS.
- Dejoy's 10-year plan is a systematic method to completely dismantle the US Postal Service.
- Dejoy, without a doubt has caused the loss in revenue in June 2020 with his sabotaging maneuvers.

*Please replace Dejoy with a new US Postmaster General that actually knows how the Postal Service works, and preferably a person that does **not** have a conflict of interest with the USPS and **cannot** financially benefit from decisions made as a US Postmaster General. Thus, Dejoy*

appears to be more interested in furthering his personnel financial interests rather than the interests of the people.

Please prevent DeJoy from doing further and irreversible damage to the USPS's service reputation, the USPS employee's work ethic, and a *beloved national institution that provides a vitally important service to all US citizens.*

DeJoy MUST be removed as Postal Inspector General! PLEASE! STOP HIM!!
